

**Poverty and Justice Task Force
Southwest Texas Synod of ELCA**

ANNOUNCING:

**An electronic method for following what is
happening in your ELCA church world!**

The Poverty and Justice Task Force (PJTf) is now on the **soulcafe.org** website. There you will find several ways to educate yourself about the Biblical Mandate to walk with the poor in our world. For example, ten lessons will help you to understand how poverty is created, and what perpetuates it. The most helpful information will be ways you can help **ADVOCATE** with the poor, and for justice.

For example, on the PJTf website you can learn about:

- Becoming a *Community Partner* congregation helping those in need sign up online for basic benefits
- Attending the *2015 Lutheran Legislative Event* to advocate on poverty and justice issues
- Hosting educational opportunities, such as PJTf presentations on how Texas Impact (the Synod's religious-based advocate to the State Legislature) researches and helps us advocate on issues related to poverty and justice
- Becoming a PJTf liaison in your congregation; liaisons assist by staying alert for advocacy opportunities and encouraging support from congregation members

Go to **soulcafe.org**, click on "Create new account," and log in with your new Username and Password. Under "Community," look at all the possibilities of Groups you can belong to, and be sure to pick "Poverty and Justice Task Force - Southwestern Texas Synod" under "Asset Team - Southwestern Texas Synod" of "Southwestern Texas Synod." There are also others in which you might be interested.
